

Position: **Financial Officer**

Job Number: FO4411004

Location: Perth

Schedule: Full Time

Description: My client, who has an outstanding reputation for its consulting expertise, now requires an experienced Financial Officer to work on projects that are diverse and challenging.

Due to growth within one of their Mining & Metals Performance Centres, this role will ensure that financial and associated activities are managed and well controlled. This role has a specific focus on data integrity, reporting and continual development of supporting systems and processes.

The company is seeking applications from suitable candidates possessing the required experience as well as a proven record in delivering high levels of performance. Demonstrated experience in Construction, Mining or Oil & Gas environments would be well regarded.

Ideally you will be commercially qualified (CPA or equivalent) with 5 – 10 years experience.

This is an ideal opportunity to join a global organisation with a footprint in the resources sector both locally and internationally.

Applications: Email your resume in the strictest confidence to Shirley@exemplar.com.au
